

Earth Day Craft

Hands up and promise to help the planet

You will need:

Paper plate

Glue

Scissors

String / ribbon

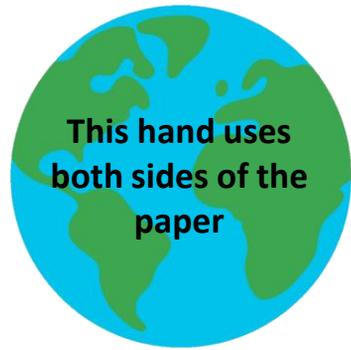

Blue and green paper

Pencil

Hole punch

1. Draw around your hand on green and blue paper. Do this 3 times and cut out, so that you have 6 hand shapes. Alternatively, cut out 6 hands on white paper and paint/colour in blue and green.
2. Cut out the centre of a paper plate so that only the outside ring is left.
3. Print off and cut out the eco message globes. Then glue them to the centre of the hands.
4. Then glue the hands around the back of the paper plate circle.
5. Hole punch a hole at the top of the paper plate and attach a piece of string or ribbon to hang up your eco wreath.
